Dear Parent/Carer

Important changes regarding charges for clubs

At the last Finance General Purpose and Personnel governing body meeting held in May, the committee discussed the school budget in some detail.

As a school we are feeling the pinch of the ever-increasing costs including food, resources, energy and staff wages. Governors looked at several ways to balance the budget, make savings and generate income - the minutes of the meeting are available in the school reception.

From September, we will continue to offer a broad range of after school clubs but are no longer in a position to be able to offer these free of charge. The cost for each club will vary depending on resources/staff needed. Block bookings for after school clubs will be made and paid for through squid.

When we return in September, breakfast club charges will be brought in line with after school care charges (£4 per session). The wraparound provision in school is extremely popular and at capacity most days. Whilst we have refunded parents for sessions their child didn't attend in the past; it means those places aren't filled and other parents miss out. With this in mind we will no longer be refunding parents for any sessions not attended or cancelled with less than 24 hours' notice.

We will review things again at the next committee meeting in November and update you of any further decisions made. Thank you for your ongoing support.

Kind regards

Mrs Rachel Spray - Headteacher

Mr Martin Senior – Chair of Governors

Happiness, Success and Learning for Life
